repeat 5^a-10^a rows and the increases until we have 47 sts, always making the system two rows of garter sts for one center drawing. After getting 47 sts make one row without increase to the end and we come back making in the next row the 1^o eyelet:

k3-yo-k2tog.....k2tog- yo- k3

WHEN we make eyelets, this row are made until the end and come back.

We do this every 10 ridges (20 rows).

From there we decrease for the armhole:

k4- k2tog.....k2tog-k 4

and the short rows as we had been doing.

And this is done until you have 31 sts

Now make 4 ridges (8 rows) in garter sts without drawing, next we knit in garter sts 6 first sts for the bib strip for 22 cm, bind of until the last 6 sts and repeat for 22 cm other bib strip.
