We now have 148 stitches and the next row knit and increase 15 (every 9 sts). We must end of row 163 sts. And in the next row, which is wrong side we start to knit in seed sts. , we do in total 5 rows.

We knit 27 sts (back)

We knit in seed sts 28 and turn we knit seed sts and bind of this 28 sts, turn

Cast on 10 sts and we continue knitting stockinette sts right front (53 sts). We knitting 28 sts following in seed sts, turn and bind of, making the seed sts, and turn

Cast on 10 sts for armhole and continue with the remanining 27 (back) at stockinette sts.

From there we follow. We have to put a marker in the middle of the stitches of the armhole and every 2-3 or 5 cm make an increase before and after marker.

They are 4 new sts every time you increse, 2 at each armhole. If we use circular needles we continue round also putting markers and making increases.

When we have knitted a mínimum of 20 cm and up to 30 cm from the armhole, knit 1,5 cm or what you lie in seed sts and bind of. If we knitted on straight needles, sew the back part including the stitch of seed yoke, in circular needles only the latest.
